CS110 / INDEPENDENCE ROAD

pitch / nicholas kuhnast

Issued: Nov 10, 2026, 1:54 PM Pacific

Record: FORM-AE2259B976F4A672164B7BA9

Personal public verification code: VIEW-C7B7557832002B7EF5EC958C

Include your own public code with every assignment, even in a team folder. Never submit your private recovery key.

SHA-256: f13e1529d8cf48bda2a0aee9e8e14997835b0b0aa97ea16ec5c2f818618ee9a9

Verify the record number at courses.addp2p.com/development-road/independence/index.html?view=verify

An issued record preserves submitted information. It is not a grade or proof of comprehension.

What do you understand about the work and finish line?

We are working to create an app that puts characters around the place that allows others to catch them and try and collect the best one

What will you contribute? Name a task or useful capability.

i can develop code that can help make a few more things advanced

What needs research, support or practice?

i still need to learn to be better at working as a team and learning more about XAML

Your available work times and preferred contact method: Discord, email, text, classroom or other. Keep private addresses/numbers outside public exports.

Preferred contact: Discord

List your project tools and why you need them.

AI: Claude, Codex

silence

Good teamwork

Good people

Required: name the AI you will use, its project task and how you will verify its output. Use course-provided/shared or approved local access if needed; no personal or paid AI account is required.

AI: Claude, Codex

Task: help me develop the graphic part of the design

Verification: by checking its work multiple times and checking what it does everytime
